4. Restrictions; Disclaimers; Limitation of Damages.

A) General

The NCCN Guidelines are a statement of consensus of the authors regarding their views of currently accepted approaches to cancer treatment. The recommendations regarding the uses and indications in the NCCN Compendium and NCCN Biomarkers Compendium™ have been derived directly from the NCCN Guidelines. The NCCN Compendium represents neither an all-inclusive listing of every drug and biologic nor every appropriate use and indication for drugs and biologics. The NCCN Biomarkers Compendium™ neither represents an all-inclusive listing of biomarker tests used in cancer treatment nor every oncology-related use and indication for biomarker testing. The NCCN Templates are peer reviewed statements of consensus of their authors derived from the NCCN Guidelines for the conditions the NCCN Templates address. The NCCN Templates are not exhaustive and do not represent the full spectrum of care or treatment options described in the NCCN Guidelines or the NCCN Compendium or include all appropriate approaches or combinations of drugs or biologics for the treatment of cancer. A NCCN Template does not constitute an order. NCCN Continuing Education programs provide information about NCCN Guidelines and expert approaches to cancer care. Information in NCCN Continuing Education programs does not constitute medical or treatment advice.

The NCCN International Educational Activities Program (NCCN IEAP™) recognizes non-U.S. physicians who have demonstrated an understanding of the NCCN Clinical Practice Guidelines in Oncology (NCCN Guidelines®) as measured by the successful completion of NCCN Guidelines® educational content. The educational content related to the completion certificate is

based on NCCN Continuing Education™ content and is subject to the same restrictions applying to NCCN Continuing Education™ content noted above in this section. The completion certificate provided for the NCCN IEAP™ does not convey certification of clinical expertise nor any special rights or privileges and is meant solely to reflect successful completion of educational content hours.

B) Updates

The NCCN Content is updated at NCCN's discretion to reflect updates and changes by the authors. NCCN will make reasonable efforts to post updated versions of the NCCN Content on the Site provided that NCCN has no obligation to advise you of any updates nor does NCCN have any obligation to update the NCCN Content at any time for any reason.

C) No Representations or Warranties

NCCN makes no representations or warranties and explicitly disclaims the appropriateness or applicability of the NCCN Content to any specific patient's care or treatment. Any clinician seeking to treat a patient using the NCCN Content is expected to use independent medical judgment in the context of individual clinical circumstances of a specific patient's care or treatment.

D) WARRANTY DISCLAIMER

NCCN MAKES NO WARRANTIES CONCERNING THE NCCN GUIDELINES, NCCN GUIDELINES FOR PATIENTS, NCCN COMPENDIUM, NCCN BIOMARKERS COMPENDIUM, NCCN TEMPLATES, NCCN CONTINUING EDUCATION, OR NCCN INTERNATIONAL EDUCATIONAL ACTIVITIES PROGRAM (NCCN IEAP™) WHICH ARE PROVIDED "AS IS." NCCN DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED INCLUDING, WITHOUT LIMITATION, THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT. NCCN DOES NOT WARRANT THE ACCURACY, CURRENCY, APPROPRIATENESS, APPLICABILITY OR COMPLETENESS OF THE NCCN CONTENT, NOR OF ANY PARTICULAR GUIDELINE, TEMPLATE, OR CONTINUING EDUCATION PROGRAM, OR MAKE ANY REPRESENTATION REGARDING THE USE OR THE RESULTS OF THE USE OF THE NCCN CONTENT IN TREATMENT.
